600 TO ATTEND TRADE BANQUET

D. C. Board Will Stimulate Roll Increase at Annual Festivities.

Plans for raising the membership of the Washington Board of Trade to \$500 will be given impetus at the mid-winter banquet of the membership tee on February 3 at Wardm Park Hotel. Chairman E. E. Ramey announce

yesterday President James F. Oyster desires to add at least 600 more mem-bers to the board during the new year. There are 1,300 members now. Charles J. Waters, chairman of the

committee, stated yesterday that in-vitations have been issued to men of national prominence to attend. There will be 600 guests. More than half the covers already have been reserved.

Among elaborate cabaret features
will be dances by artists from the
studio of Luigi Albertieri of New
York, and special dances and songs

by the best amateur performers in Local talent will include Miss Camille Little, Miss Estelle Murray and Miss Bessie Burch Haycock. Members are privileged to bring guests, but early reservations are requested by the committee.

do not make us pay you interest now, and if these credits are large enough the franc and lire will recover from their present fantastic collapse," said a French banker. "It is not charity we ask. From your point of view, to divert your excellent business, for with your surplus capital to Europe must be help we can recover, but without it we are all doomed to complete destruction, and how can an American who realizes that if his country does not help the Continent will either on humanitarian or business grounds? There can be no trade relapse into barbarism, hesitate with bankrupt and Bolshevized barbarians, and if you let us all perish where in the long run will you find your own salvation?"

Smash is Complete.

"The smash of Europe and the East," says J. L. Garvin, the well-known Unionist publicist who has been a good friend of the United States. "is far more complete than it could have been if the great republic had not put its utmost power into the total destruction of the old order before refusing its expected aid for the construction of a new. If American imagination and conscience could be awakened to the conditions now prevailing in Middle Europe, there work be from the Atlantic to the Pacific an overwhelming revulsion of compassion and computation. Smash Is Complete. from the Atlantic to the Pacific an overwhelming revulsion of compassion and compunction, and something would be done; but if America has abdicated the moral and practical leadership of the world, Britain, with all her burdens, must take up that leadership, ready, of course, at any time to welcome America's return and rejoice in it. Meanwhile Britain must face the work, for there is no one else to work, for there is no one else to

Millions Must Suffer.

'The effect of America's absten-tion and delay has been worse than the worst that was feared. It is impossible for us to repair all the consequences. From those conse-quences millions in Europe must suffer and perish, do what we will. The reason is simple and deadly. There is no decisive action from Washington or New York towards stabilizing exchange. Exchange falls against Europe. Not only are fails against Europe. Not only British resources limited, but are hindered in purchasing with what money and credit we can give, though America has most of the

results, of the delay are a growing menace throughout the whole East.

League Sole Hope. "Considerations like these can only end in one main conclusion. More than ever the league of nations is the sole alternative to endiess unrest, and stelfe amongst patients."

avenue fascinated her and sile to hardly wait until she reached her new than the promised her. As it was, she looked with such appealing eyes the motor rank every time they than ever the league of nations is the sole alternative to endless unrest, she looked with such appealing eyes misery and strife amongst nations. Without the league, any current in Europe or Asia must flow or sweep toward new wars. Not only would there be no faintest possibility of ultimate peace. No continental part of the Paris settlement would be worth 10 years' purchase. Lloyd explain:

part carry little coffins. Bables perish like flies, famished and chilled to death. A large proportion of those who so far survive suffer from tuberculosis and rickets. Food and coal are wanting. Prices are a nightmare. For tack of other fuel, people have to burn their furniture. The lot of the working classes is grim enough, with their canty supply of the most squalid rations. The plight of the middle classes is more terrible. Professors. civil more terrible. Professors, civil
